GenChoice™ semen produced since September 2020 as Sexed Ultraplus™.

Congratulations to the 2025 GENEX Excellence in Reproduction & Genetics award winners!

This decade-long recognition program evaluates nominated herds based on cow and heifer reproduction as well as genetic information. Farms from across the globe compete in one of four categories based on size or location.

< 1,000 Cows

Landmark Farms
New York

"The GENEX team works closely with Landmark Farms staff and herd veterinarian to ensure reproductive success. We maintain consistent and clear communication in order to adjust breeding strategies, talk about farm updates and continue to improve results."

Cat Thrasher
GENEX Key Account Manager

1,000–3,000 Cows

Mar-Bec Dairy
Wisconsin

"Marty and Becky are first generation farmers, true examples of an American success story. They built this farm to what it is today by always doing what is best for the cows. The farm's emphasis is on top genetics paired with outstanding cow comfort. At the heart of the dairy are the people."

Pete Weber
GENEX National Account Manager

> 3,000 Cows

**Dollymount Dairy LLP
& Coronado Heifer Yard
Riverview LLP**
Minnesota & Arizona

"The determination of the Coronado team shines through their impressive results, proving that consistency and teamwork truly make the dream work! They really see the importance of reproduction and are always looking to go beyond."

Paula Molinari
GENEX Key Account Manager

International

Soc. Arg. Cervi Ciboldi
Italy

"Cervi Ciboldi deserves recognition for the total dedication and commitment of their Herd Manager, Luigi Baselli. His attention to detail in every aspect of herd management is outstanding. Additionally, he has a fantastic relationship with the owners and works with the entire team to achieve results."

David Ellis
GENEX Progressive Herd Consultant

GENEX
FOR GENERATIONS

Genetics That Do More. For Longer.

Every cow in your herd is an investment. And the longer she stays healthy, breeds back and puts milk in the tank, the greater your return. That's what selection on the ICC™ index does – and the proof is in the numbers.

By choosing sires using the ICC™ index, you are ensuring each new generation of cows is more fertile, more efficient and more profitable than the last. With the updated formula and real-world validation from 30,000 cows in progressive U.S. herds, the ICC™ index delivers genetics that work harder for you.

Production

Lifetime Lbs. of
Energy Corrected Milk

Female Fertility

Average Total Number of
Services in Lactations 1-3

Longevity

Lifetime Days in Milk

This retrospective analysis includes data from multiple progressive herds across the USA, representing nearly 30,000 genomic-tested females. The tables compare the actual average results of the top quartile for each index. Analysis conducted in April 2025 using ICC™ 2025.

Scan to learn how
you can create robust,
efficient cows that stay
in your herd longer.
