Make Every Day Girls' Day with GenChoice™ Sexed Semen

GENEX GenChoice™ semen delivers the heifer calves you need, along with the fertility and performance you expect!

- › **Backed by data:** GENEX offers PregCheck+™ fertility rankings for sexed semen. It's real results based on real data.
- › **Trusted fertility:** Long-term fertility leadership and stringent quality control means more pregnancies and more progress.
- › **Strategic advantage:** With heifer shortages and rising replacement costs, it pays to plan smart.

How do PregCheck+™ fertility rankings work?

PregCheck+™ fertility rankings are based on actual breeding and pregnancy data, providing a data-backed evaluation of a bull's sexed semen conception rate. The rankings are set to a 100-base system. Each point above or below the average reflects an increase or decrease in fertility.

Your future herd starts here. Contact your local GENEX representative for GenChoice™ semen and leverage PregCheck+™ rankings for proven fertility!
